**Explanatory Note**

The Declaration published in the Gazette Extraordinary Vol. XXV No. 944 dated 22-11-1980 was based on the checking the plots to be acquired were described by the notations adopted in the subdivision. Sketches and subdivision statements prepared for the purpose of acquisition. Consequent on the final technical scrutiny of the subdivision

sketches by the Superintendent of Survey and Land Records (Land Acquisition) Railways, Shertallai, it is found that the notation already adopted in certain Survey Numbers for which new subdivisions were created has to be changed, according to the lie of them, for the proper identification of them on ground. So the lands to be acquired have to be identified on ground in a more accurate description, as a result of the approved sketches and area list for the new subdivisions created for the acquisition. Hence the erratum.

**Explanatory Note**

The Declaration published in the Gazette Extraordinary Vol. XXVI No. 361 dated 7-5-1981 was based on the checking the plots to be acquired were described by the notations adopted in the subdivision sketches and subdivision statements prepared for the purpose of acquisition. Consequent on the final technical scrutiny of the subdivision sketches by the Superintendent of Survey and Land Records (Land Acquisition) Railways, Shertallai, it is found that the notation already adopted in certain Survey Nos. for which new sub divisions were created has to be changed, according to the lie of them, for the proper identification on them on ground. So the lands to be acquired have to be identified on ground in a more accurate description, as a result of the approved sketches and area list for the new subdivisions created for the acquisition. Hence the erratum.
